OKLAHOMA.

CAPITAL, GUTHRIE.

Population of Territory, 398,331.
(U. S. Census of 1900.)
Number of Physicians, 1,067.

Oklahoma, meaning "Beautiful Land," was only a dozen years ago given up to the Indians and formed part of the Indian Territory. On April 22, 1889, it was opened to settlement by the proclamation of President Harrison, and in one day 50,000 people rushed in. The same day a national bank was opened. The United States Census, of 1900, shows a population of 398,331, and in addition 5,927 Indians not taxed. The opening of the Indian Reservation to settlement, August 1901, added many thousands to the population immediately. About 12,000 families received new lands, and became residents of the territory at that time. This means an accession of about 50,000 or 60,000 to the territory's inhabitants. No state of the original thirteen, except Virginia, had so many inhabitants when entering the new Union as Oklahoma has at this moment. It has a larger population than Vermont, North Dakota and several other states, twice as many people as Delaware; has cities and towns dotted over territory which was practically an Indian reservation two decades ago, has taxable property to the value of $150,000,000, and an annual production of wealth amounting to $75,000,000. It is bounded on the north by Kansas and Colorado, on the south by Texas and the Indian Territory, on the east by Missouri, and on the west by New Mexico. The western prairies, covered with nutritious grasses afford grazing lands of the finest description. The cotton crop of Oklahoma for 1900 yielded over $6,000,000, and a notable product is the manufacture of cottonseed oil, which has grown up in connection with the rapid development of the cotton crop. Large sections are underlaid with coal deposits; salt and gypsum are plentiful, and iron ore has been found. There are 800 churches, about 200 newspapers, and over $600,000 is annually expended for school purposes.

MEDICAL LAW OF OKLAHOMA.

AN ACT REPEALING CHAPTER EIGHT OF THE STATUTES OF OKLAHOMA, 1893, ESTABLISHING A BOARD OF HEALTH, AND FOR OTHER PURPOSES.

Be it enacted by the Legislative Assembly of the Territory of Oklahoma:

Section 1. There is hereby established a territorial board of health, composed of three persons, residents of this Territory, regularly practicing and legally qualified physicians in good standing, to be appointed by the governor and approved by the council. The term of office of each member shall be two years, and one member shall be designated by the governor as superintendent, who shall be ex-officio secretary of the board. The board shall elect one of its members as president and the other as vice-president.

Sec. 2. The president, when present, and the vice-president when the president is absent, shall preside at the meeting of the board. The secretary shall keep a record of the proceedings of the board and of his own proceedings as superintendent of the board of health. The board of health shall hold meetings every three months, due notice of the time and place to be given by the secretary.

Sec. 3. It shall be the duty of the board of health to examine applicants and grant licenses to those found to be qualified, and entitled to the same, to quarantine against outside territory known to be infected with contagious or infectious diseases, to condemn and destroy impure and diseased articles of food offered or exposed for sale in the Territory and to act in conjunction with the county and municipal boards of health.

Sec. 4. The salary of the superintendent of the board of health shall be eight hundred dollars per annum, and he shall be allowed for records, supplies, printing and traveling expenses actually and necessarily expended not to exceed five hundred dollars per annum, which shall be paid upon sworn itemized statements. The president and vice-president of the board shall receive no compensation except fees for examination of applicants for license to practice medicine and surgery, which shall be equally divided between them, and actual and necessary traveling expenses, not to exceed one hundred dollars each per annum.

Sec. 5. No person hereafter shall practice medicine or surgery in this Territory without first obtaining a license from the territorial board of health. Application for license shall be made in writing, together with a fee of five dollars, accompanied by a proof of good moral character, and proof of ten years' continuous prctice, or proof of graduation from a reputable medical college. When the application has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear for examination at a time and place designated in such notice. Examination shall be made in whole or in part in writing and be sufficiently strict to test

SAUNDERS' SUCCESSFUL BOOKS
See pages 9 to 32

applicant's qualifications to practice medicine. All members of the board shall be present and participate in such examination. It shall be the duty of the person holding such license to register in the office of the register of deeds, in a book kept for that purpose, in the county in which person resides or intends to practice. Provided, that an osteopath shall not be required to pass an examination in materia medica or therapeutics.

Sec. 6. Any person practicing or offering to practice medicine or surgery in any of their branches, without first having obtained a license from this board, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than six months, or by both such fine and imprisonment at the discretion of the court, and all costs incurred therein.

Sec. 7. The provisions of this act shall not affect the rights of persons now legally practicing medicine, osteopathy or surgery in this Territory, nor shall it prohibit the application of domestic remedies by one member of a family to another thereof; nor administering of remedies by another in case of emergency, without compensation; nor shall it comply to any commissioned medical officer of the United States army, navy, or marine hospital service, in the discharge of his official duties; nor to any legally qualified dentist, when engaged exclusively in the practice of dentistry; nor to any physician or surgeon from another state or territory who is a legal practitioner of medicine or surgery in the state or territory in which he resides, when in actual consultation with a legal practitioner of this Territory, nor to any physician or surgeon residing on the border of a neighboring state or territory and duly authorized under the law thereof to practice medicine or surgery therein, whose practice extends into the limits of this territory: Provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this Territory; nor to any osteopath who shall pass examination in the subjects of anatomy, physiology, obstetrics, and physical diagnosis in the same manner as required of other applicants before the territorial board of health, and who has thereupon received a certificate from the board which, when filed with the register of deeds, as is required in the case of other certificates from the board shall authorize the holder thereof to practice osteopathy in the Territory of Oklahoma, but shall not permit him to administer drugs nor to perform major surgery.

Sec. 8. The county boards of health shall consist of three persons; a legally qualified physician appointed by the territorial superintendent, who shall be superintendent and secretary of the county board of health, the chairman of the county commissioners who shall be president, and a legally qualified physician appointed by the board of county commissioners who shall be vice-president. The superintendent of county boards of health shall have power to abolish nuisances that are dangerous to the public health, to isolate persons afflicted with dangerous or contagious diseases, and to do such other things with the approval of the board as may be deemed necessary for the preservation of the public health. Such superintendent shall be paid for expenses actually and necessarily contracted in the discharge of his duties, together with fees for duty performed: Provided, that the sum total of such expenses and fees shall not exceed one hundred dollars per annum. Such bills of expense and fees shall be filed with the county clerk and allowed by the board of county commissioners, and other bills are allowed by them. Provided further, that should an emergency exist on account of the prevalence of any dangerous epidemic, such county board of health may make such provision for the isolation and care of the sick as may be required, by and with the consent and approval of the county commissioners.

Sec. 9. Chapter eight of the statutes of Oklahoma, 1893, together with all acts and parts of acts in conflict herewith are hereby repealed.

Sec. 10. This act shall take effect and be in force from and after its passage and approval.

Approved March 12, 1903.

RULES FOR THE TERRITORIAL MEDICAL EXAMINING BOARD.

This board will meet four (4) times each year in regular session—January, April, July and October—to pass upon applications for registration for those who can qualify and are desirous of entering upon the practice of medicine and surgery in Oklahoma. Those who wish to practice embalming, and those who wish to practice midwifery. The board will meet in extraordinary session when three or more applicants have filed their applications and fee with the secretary of the board. In order to register in the territory for the practice of medicine and surgery the applicant must pass an examination before the board in the following branches viz.: Anatomy, chemistry, physiology, materia medica and therapeutics, medical jurisprudence, surgery, obstetrics, physical diagnosis and the general practice of medicine and attain a grade of 66 2-3 per cent in each branch. Said examination to all be in writing and be kept on file in the office of the secretary as a part of the record of this board. The fee shall be thirty ($30) dollars, five dollars to accompany application as forfeit for non-appearance at the specified time, and twenty-five ($25) dollars to be paid on the day of the examination. In case of failure to attain the prescribed grade of proficiency the applicant may again take the test at the next meeting of the board without additional fee. In case of a second failure the applicant forfeits all claim upon the board for fee paid. Persons desiring to practice embalming in Oklahoma are required to pass an examination before this board on any meeting day, and if successful, will be issued a license which will be recognized by the R. R. Fee, twenty-five ($25) dollars. Examination in writing and papers kept on file as a record. One return privilege allowable without additional charge. Grade 75 per cent. Persons wishing to practice midwifery in the Territory must be licensed by this board by examination in the branch of the science of medicine and surgery. Fee, fifteen ($15) dollars. In case of failure to attain grade of proficiency equal to 75 per cent of all questions asked the person will be granted one return privilege at the first meeting thereafter of the board without additional charge. Examination to be all in writing and kept as a record of the business in this branch of the work. This board will grant no temporary licenses. In writing for information of any kind always inclose a two-cent stamp.

OREGON.

CAPITAL, SALEM.

Population of State, 413,536.
(U. S. Census of 1900.)
Number of Physicians, 726.

The State of Oregon extends from 42 degrees to 46 degrees 18 minutes north latitude, and from 116 degrees 40 minutes to 124 degrees 25 minutes west longitude, and is bounded on the north by Washington, from which it is partly separated by the Columbia river, on the south by California and Nevada, on the east by Idaho, and on the west by the Pacific Ocean. It comprises an area of 95,274 square miles, or 60,975,360 acres, and is divided unequally by the Cascade Mountains.

The climate is mild, equable and salubrious, the mean annual temperature ranging from 44 degrees near the Cascade Mountains to 50 degrees in the vicinity of the Ocean. The average annual rainfall increases from 44 inches in the mountains to 60 near the sea coast.

The following table shows increase in population from 1850 to 1900:

1850	13,294	1880	174,768
1860	52,465	1890	313,767
1870	90,923	1900	413,536

SYNOPSIS OF MEDICAL LAW REGULATING THE PRACTICE OF MEDICINE.

The State Board of Medical Examiners, consisting of three regulars, one homoeopathic and one eclectic physician, is appointed by the Governor.

Section 3 of the Medical Act reads: Every person desiring to practice medicine and surgery, or either of them, in any of their or its branches in the State, shall make a written application to said Board for a license so to do, which application shall be supported and accompanied by an affidavit of such application (applicant), setting forth the actual time spent by the applicant in the study of medicine and surgery, and when, whether such study was in an institution of learning, and if so, the name and location thereof, and if not in such (an) institution, where and under whose tutorship such study was prosecuted, the time said applicant shall have been engaged in the actual practice, if at all, of medicine and surgery, or either of them, and where the applicant was located during the time of such practice, and the age of the applicant at the time of making application; such application and affidavit to be filed and preserved of record in the office of the secretary of said Board. Such applicant, at the time and place designated by said Board, or at the regular meeting of said Board, shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women, medical jurisprudence and such other branches as the Board shall deem advisable. Said Board shall cause such examination to be both scientific and practical and of sufficient severity to test the candidate's fitness to practice medicine and surgery, which examination shall be by written or printed, or partly written or partly printed, questions and answers, and the same shall be filed and preserved of record in the office of the secretary of said Board. After examination, if the same is satisfactory, said Board shall grant a license to such applicant to practice medicine and surgery in the State of Oregon, which said license can only be granted by the consent of not less than four (4) members of said Board, except as hereinafter provided, in (and) which said license shall be signed by the president and secretary of said Board, and attested by the seal thereof. The fee for such examination shall be ten (10) dollars, and shall be paid by the applicant to the treasurer of said Board toward paying the expenses thereof; and such Board may refuse or revoke a license for unprofessional or dishonorable conduct, subject, however, to the right of such applicant to appeal from the decision of said board refusing or revoking such

PENNSYLVANIA,

CAPITAL, HARRISBURG.

Population of State, 6,302,115.
(U. S. Census of 1900.)
Number of Physicians, 10,050.

Pennsylvania, one of the original thirteen states, has, according to the U. S. Census of 1900, a population of 6,302,115, as against 5,258,014 in 1890, representing an increase during the decade of 1,044,101, or 19.9 per cent. The following table shows the increase in population since 1790:

1790	434,373	1850	2,311,786
1800	602,365	1860	2,906,215
1810	810,091	1870	3,521,951
1820	1,047,507	1880	4,282,891
1830	1,348,233	1890	5,258,014
1840	1,724,033	1900	6,302,115

The total land surface of Pennsylvania is, approximately, 44,985 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 116.9; 1900, 140.1. It is the second state in the Union as regards wealth and population, extends from 39 degrees 43 minutes to 42 degrees 15 minutes north latitude, and from 74 degrees 40 minutes to 80 degrees 41 minutes west longitude, and is bounded on the north by the State of New York and Lake Erie, on the south by Delaware, Maryland and West Virginia, on the east by New York and New Jersey, and on the west by Ohio and West Virginia. It has the shape of a rectangle which is 303 miles long from east to west and 176 wide from south to north. Its boundaries are straight lines, with the exception of the eastern, which is formed by the Delaware river, and the western extremity of the northern, which is formed by Lake Erie. The state is naturally divided into three parts, a southeastern district of plains and scattered hills, a mountain belt of symmetrical and parallel ranges; and a western table land of a rolling surface, deeply furrowed by fertile valleys. The principal rivers are the Susquehanna, Delaware, Lackawanna, Lehigh, Juniata, Monongahela, Schuylkill, Wyoming, Cumberland and Youghiogheny. The climate varies considerably with the elevation above the sea, and while the lower portions of the state have very hot summers, the higher portions have pleasant summers, but long and severe winters. The mean annual temperature ranges from 44 degrees in the northern counties to 52 degrees in the southeast, and the rainfall varies in like manner from 38 inches to 45 inches and even more in the southeast corner.

INNWOOD

DR. S. ELIZABETH WINTER, Physician-in-Charge.

Late Assistant Physician to Friends' Asylum for the Insane, Frankford, Penn'a.

LOCATION.—Innwood is located in Lower Merion Township, Montgomery county, on the Schuylkill Division of the Pennsylvania Railroad, and the Schuylkill Division and Main Line of the Philadelphia & Reading Railroad. Within twenty minutes' drive are Bryn Mawr, Haverford, Rosemont, and Villa Nova, the attractiveness of these beautiful suburbs being so generally known as to require no extended mention.

Innwood combines the advantages of a Sanitarium, a Hospital and a home, without the unpleasant surroundings of a hospital. Its proximity to the great centre of medical science offers advantages that should receive the careful consideration of the friends or guardians of those suffering from nervous or mental disturbances. Its aim is to afford a quiet, secluded home for that class of patients who do not require the restraint of a hospital, but who do require medical supervision and rest. It is the only institution in the United States of its kind devoted exclusively to the care of women patients.

Only women are admitted for treatment, and these to a limited number. This enables the physician-in-charge to make close and careful study of each individual case, special personal care being the particular feature of the work. When desired, the best medical talent in the country can be called in consultation.

Innwood is conducted on a liberal scale, and the accommodations, table and other appointments are such as are suited to the most fastidious patient. Trained nurses in constant attendance, skilled in the use of massage and the modern methods of treatment.

Reference may not only be made to the Statutory Visitors, 1225 Sansom Street, Philadelphia, but to the leading members of the medical profession.

Patients may place themselves under treatment voluntarily, or by physician's certificate.

EASTON SANITARIUM AND ANNEX.

Many improvements have been made in the EASTON SANITARIUM during the past four years, so that now, with handsomely furnished rooms, modern conveniences and the general air of home comfort which exists about the place, it is especially adapted for the reception of those requiring rest and medical treatment, whether it be for nervousness, mild forms of insanity or for drug habits. The fact that for over twenty years Dr. Kinney was Assistant (Late First Assistant) in the Middletown State Homœopathic Hospital, N. Y., is a guarantee that a man of experience is in charge, and consequently everything will be done for the comfort and improvement of the patient's condition. **EASTON SANITARIUM, Easton, Pa.**

SYNOPSIS OF MEDICAL LAW.

The medical council, a body composed of the lieutenant-governor, the attorney-general, the secretary of internal affairs, the superintendent of public instruction, the president of the state board of health and the presidents of three state boards of medical examiners, have the supervision of the examination of candidates to practice medicine in the state. These, except the secretary and treasurer, serve without pay. There are also appointed by the governor three boards of medical examiners of seven members each, representing the several medical societies of the State of Pennsylvania, the regular, the homeopathic and eclectic, from lists furnished by them. The fees for examinations, after payment of current expenses, are apportioned pro rata to the members of the several examining boards according to the number of candidates examined by each. These boards submit to the medical council a list of questions from which the council makes up the questions for each examination. The examinations, which are in writing, are conducted by the respective boards and the results transmitted to the council, which issues the licenses to those who have successfully passed.

"A preliminary examination shall be required from all candidates for medical license in the following branches, to-wit, arithmetic, grammar, geography, orthography, American history, physiology and hygiene, and English composition. The diploma of a college, diploma of an academy, seminary, normal school or high school or a teacher's permanent certificate; or a student's certificate of examination for admission to the freshman class in a literary college, shall be accepted in lieu of such examination." Preliminary examinations are held under direction of the medical council in June preceding the examinations by the state examining boards, and in October after the opening of the medical colleges, at Philadelphia and in Western Pennsylvania.

Section 13 of the medical practice law reads: "From and after the first day of July, 1894, any person not heretofore authorized to practice medicine and surgery in this state, and desiring to enter upon such practice, may deliver to the secretary of the medical council, upon the payment of a fee of $25, a written application for license, together with satisfactory proof that the applicant is more than 21 years of age, is of good moral character, and has obtained a competent common school education, and has received a diploma conferring the degree of medicine from some legally incorporated medical college of the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country. Applicants who shall have received their degree in medicine after the first day of July, 1894, must have pursued study of medicine for at least three years, including three regular courses of lectures, in different years, in some legally incorporated medical college or colleges, prior to granting of said diploma, or foreign license, and after the first day of July, 1895, such applicants must have pursued the study of medicine for at least four years, including three regular courses of lectures, in different years, in some legally incorporated medical college, or colleges, prior to the granting of said diploma or foreign license. Such proof shall be made, if required, upon affidavit. Upon the making of said payment and proof, the medical council, if satisfied with the same, shall issue to said applicant an order for examination before such one of the state boards of medical examiners as the applicant for license may select. In case of failure at any such examinationthe candidate, after the expiration of six months, and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee; and it is provided further, that applicants examined and licensed by the state board of medical examiners or state boards of health of other states, on payment of a fee of $15 to the medical council, and on filing in the office of the medical council a copy of such license certified by the affidavit of the president and secretary of such board showing also that the standard of acquirements adopted by the said state board of medical examiners or state board of health, is substantially the same, as is provided by sections 11, 12 an 13 of this act, shall without further examination receive a license conferring on the holder thereof all the rights and privileges provided by sections 14 and 15 of this act."

Licenses must be registered with the prothonotary of the court of common pleas and in the county of residence; fee $1. The law contains a reciprocity clause, but only certificates of New York are accepted and (until recently, New Jersey). The usual exemptions of government officers, outside consultants, border practice, etc., are made in the law.—Journal of the American Medical Association.

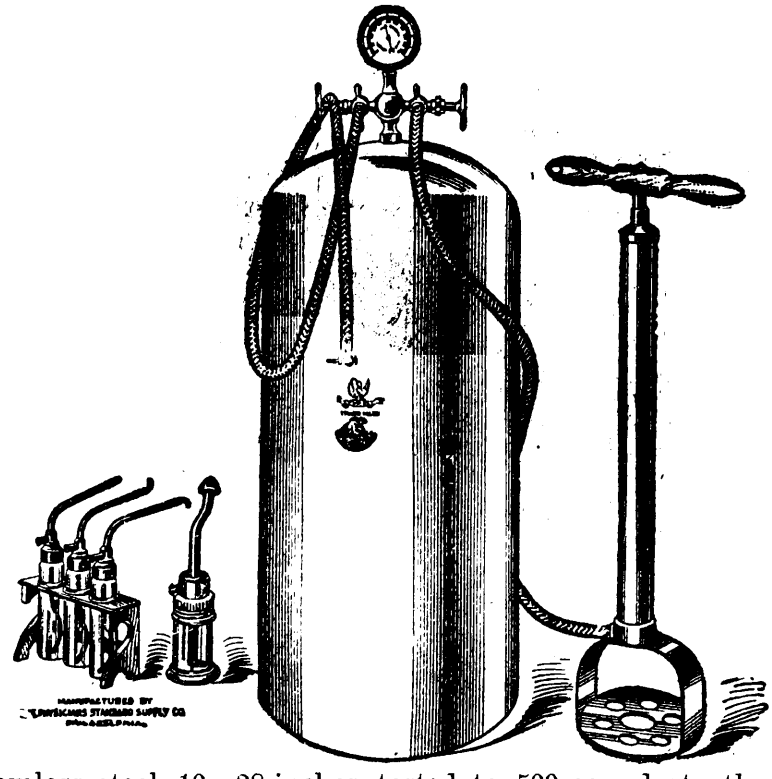
COMPRESSED AIR OUTFIT, No. 103.

HANDSOMEST and STRONGEST OUTFIT MADE.

The Cut Illustrates an Outfit, which Supplies a Long Felt Want.

IT IS THE STRONGEST AND MOST SATISFACTORY AIR RECEIVER MADE.



The air receiver is of cold drawn seamless steel, 10 x 28 inches, tested to 500 pounds to the square inch, finished in hard, polished enamel or bronzed in either silver or gold; special process, greatly superior to nickel plate, with air gauge and valves of the very best construction; two lengths silk covered tubing, and one of our improved *Cut-Offs*.

☞NOTE.—We can furnish the thin nickel-plated tanks, but they are of very little use and soon become dented and tarnished, besides they are not over safe.

The pump is of superior construction and finish, with the silk covered tubing to connect with receiver. We furnish this pump with either metal or good oak base.

A SET OF GENUINE STANDARD SPRAYS

(made by Davidson) of all hard rubber and heavy glass, in rack, and either one improved Century Hand Nebulizer or a Globe (No. 5) Nebulizer are also included in complete outfit.

THIS HAND NEBULIZER

is of new design and can be used very conveniently to inflate and medicate the middle ear, nasopharynx, larynx, bronchial tubes and lungs.

This is really the first strongly made (will stand 500 pounds pressure) compressed air outfit of practical size and reliable construction ever offered to the medical profession at a low price. We have endeavored to bring it within the reach of the general practitioner, who, by its use can successfully treat all ordinary respiratory and aural cases.

PRICES.

Air Receiver, handsomely finished, including silk covered tubings and cut-off, Cross Valves and Gauge	$24 00
Air Pump, No. 45, complete, wood or metal base (strong pump, easy to use),	4 00
Set of Sprays, with rack, as described	3 50
Hand Nebulizer, Century or Globe No. 5, if large hand bulb is required	2 00
Outfit No. 103, complete combination, as shown	33 50

☞NOTE—Will include a set (making three in all) of Nebulizer jars and German silver screw caps with leather discs; also two cut-offs, without extra cost. We have no objection in including a few dollars' worth of the prepared solution as found in the Physicians' Standard Formulary, gratis.

SPECIAL CASH OFFER—Single outfits or parts, 20 per cent off; Two at a time, 20 and 5 per cent; One Quarter Dozen, 25 and 2 per cent.

This prescription was given to us by Dr. S. Solis Cohen, (Philadelphia,) as used on himself and on a great number of Hay Fever sufferers. He claims to be the first specialist who used and recommended the Suprarenal Extract. No failures have been reported. This treatment is being advocated and used by almost every well known specialist. See article in Aug. 11, 1900 Journal of American Medical Association, written by W. H. Bates, M. D.

THE PHYSICIANS' HYDRAULIC AIR COMPRESSOR

Styles B and C, Plain Finish

Is designed especially for the use of physicians, and is readily adapted to the varying conditions and requirements under which it must necessarily operate, and for this purpose it is without an equal. With low water pressure it supplies air at a pressure equal to that of the water operating it. It is perfectly adapted for high pressure water systems.

Compiled and Revised periodically by us for a Number of Years for the Medical Profession and Hospitals.

THE result of much valuable experience of well known Medical Institutions, including the U. S. Marine Hospital of Georgetown, Edinburgh University, the London Hospital, the Battle Creek, Dansville and Wernersville Sanitariums; also of Prof. Sir Granger Stewart, Solis Cohen, M D., Seth Scott Bishop, M.D., LL.D, H. M. Dunlap, M D., Prof. Fletcher Ingals, Lawrence and Chas. Turnbull and Harrison Allen, M D. (Most of these solutions have been adopted by tens of thousands of physicians in this country, Great Britain, Germany, etc., the result being exceedingly gratifying.) We have been greatly assisted by the above specialists and institutions.

Medical Council,

THE BEST ADVERTISING MEDIUM IN THE MEDICAL FIELD.

A Plain, Practical Medical Journal for the Every-Day Family Physician.

Advertisers state that they receive more correspondence from its readers than from those of any other journal. One chemical house states that they hear more from it than from any other three journals combined; another, more than from the best six journals combined; another, that they have received more than $5.00 profit for each $1.00 invested in The Council advertisement; another, that the character of the replies is better than that from any other journal—he can sell to almost every one of them.

The Council is a monthly journal, $1.00 per year. Sworn circulation over twenty thousand (20,000) copies each issue. Size of type page 5½x8 inches.

FRANK S. BETZ CO.

FRANK S. BETZ (see cut below) made it possible for the Doctor to purchase his instruments and apparatus at honest prices. He realized that the Doctor was being overcharged on everything he bought simply because the goods were labeled **SURGICAL INSTRUMENTS.** The Mechanic bought equally fine tools at much lower prices. This has all been changed and today the Doctor can buy as cheap as the Mechanic.

In order to accomplish this object it was necessary to build an enormous factory and to dispose of its immense products to the Doctor direct, doing away with all middlemen's profits. In this factory are made over 2,000 different surgical instruments.

This company is now the largest of its kind in the world and over 1000 doctors are stockholders. We are in position to handle our business with the least possible expense and give our customers every advantage to save money that judicious buying, small expense and up to date business methods will afford.

All goods manufactured are fully guaranteed and if not found satisfactory may be returned and money will be refunded.

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES...

Founded by the late Robert A. Given, M. D., 1859.

CLIFTON HEIGHTS, Delaware County, Pa.

E. L. GIVEN, Proprietor; NATHAN S. YAWGER, M. D., Superintendent; HERBERT C. STANTON, M. D., Assistant Physician.

This institution is located a few miles west of the city of Philadelphia, at Primos Station, on the Philadelphia & Baltimore Central Railroad, and is designed to accommodate a limited number of patients of each sex.

Burn-Brae has been in operation for almost half a century, and now numbers its friends in all sections of the Union. No better proof of the confidence reposed in its management by the profession and the community at large, could be given than the extensive improvements and additions that have been made during the last few years—not for the purpose of adding to the number of patients already provided for, but in order to increase the size of the old dormitories, and of erecting conservatories in the ladies' apartments.

The grounds, originally twenty-five acres in extent, have been increased to sixty acres, thus, besides securing to the inmates perfect privacy, affording them in their walks the pleasing variety of hill and valley, meadow, brook and woodland.

The fact is now fully recognized by Psychological Physicians that the less we treat the insane as exceptional beings, by immuring them in large hospitals under strict discipline and modes of life widely different from the social amenities of home, the more likely is recovery to take place. Hence the advantage of small establishments where the arrangements are home-like and familiar.

It is the desire of the management of Burn-Brae to make it in every respect a home for their guests. The location is beautiful and salubrious; the house, though possessing all the safeguards and appliances of a public hospital, in external appearance and internal arrangements presents nothing to unfavorably impress the inmates.

The agreeable and soothing iufluence of music; the in-door games of cards, chess, billiards, backgammon, tenpins, shuffleboard; the open air amusements of croquet, lawn tennis, cricket and football, are provided for, and daily resorted to by patients.

Access from Philadelphia by the Baltimore Pike, or take cars for Primos Station, on Central Division of P., W. & B. R. R., Depot Broad and Filbert Streets, Philadelphia.

All packages by express, postal and telegraphic communications should be addressed

DOCTOR. Have you tried SALO-SEDATUS in Typhoid Fever? See page 2.

THIS IS THE FIRST AND ONLY STRICTLY ETHICAL POST-GRADUATE SCHOOL OF ELECTRO-THERAPEUTICS IN PENNSYLVANIA.

Philadelphia Post-Graduate School of Electro-Therapeutics and Roentgen Photography.

No. 1639 North Broad Street, PHILADELPHIA, PA. Long Distance Phone Poplar 66-17A.

OUR OBJECT is to elevate the practice of **Electro Therapy** to its proper place in medicine, and to attain this purpose we shall allow none but Physicians and Students of Medicine to take our course.

OUR METHODS OF INSTRUCTION, many of which are **Original** and **Peculiarly Our Own,** and the **Result** of a **Long** and **Wide Experience,** will be **Didactic** and **Clinical,** as opportunity affords; and as we always have an **Abundant Clinical Material,** there is no other **School of Electro-Therapeutics** in this country that can give their **Students** the advantages that we offer,

IN OUR CLINICAL LECTURE HALL, which has a seating capacity for nearly two hundred **Physicians,** we drill our **Students** by **Practical Work** until they have become **Thorough, Artistic** and **Finished** in every detail of **Electro-Therapeutic Work.**

TERMS:

Our Full Course of General Instruction is given in Three Special Courses of One Month Each. Fee for the Full Three Months' Course (payable in advance) $100.00.

Fee for each Special Course (payable in advance) $50.00.

A Special Two Weeks' Course of Instruction is given for Twenty-five Dollars to the **Busy Practitioner,** in which they are taught the care of their machines, the handling of their patients, the practical uses of the various Electrical Currents, including **X-Ray** and **Ozone** treatments, the correct technique of current applications, including **The Laws of Resistance, Pressure, Choice of Currents, Dosage, Electrodes, Etc.**

This Special Course is given to instruct the physician in a General way, and to fit him for treating all ordinary cases that may come within his practice.

IN OUR SANITARIUM, which is connected with our School, physicians can treat their own patients under our supervision when desired, and as our accommodations for the private Treatment of Chronic, Malignant and Nervous Diseases are of the best, we beg to announce that all patients sent to us by Members of the Profession will receive scientific treatment, and reports of their progress sent daily or weekly, as desired. For further information address all communications to

RHODE ISLAND.

CAPITAL, PROVIDENCE.

Population of State, 428,556.
(U. S. Census of 1900.)
Number of Physicians, 671.

The State of Rhode Island extends from 41 degrees 18 minutes to 42 degrees 5 minutes north latitude, and from 71 degrees 8 minutes to 71 degrees 53 minutes west longitude, and is bounded on the north and east by Massachusetts, on the south by the Atlantic Ocean, and on the west by Connecticut. It is the smallest state in the Union, comprising an area of 1,306 square miles, or 835,840 acres.

The climate, like that of all the New England States, is marked by great extremes, the winters being very cold and the summers correspondingly hot. The mean annual temperature at Providence is 47.91, and at Newport 49.39, and the average annual rainfall varies from 40 inches in the eastern part to 44 in the west.

The following table shows increase in population during 70 years:

1830	97,190	1870	217,353
1840	108,830	1880	276,531

MEDICAL LAW OF RHODE ISLAND.

(As Amended November, 1901.)

Section 1. It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the city or town, said clerk shall make a note of the same at the bottom of the page, and shall on the first day of January in each year transmit to the office of the state board of health a duly-certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereinafter required, and perform such other duties as are required by this chapter; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this chapter.

Sec. 2. It shall be unlawful for any person to practice medicine or surgery in any of its branches, within the limits of this state, who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 3 Authority to practice medicine under this chapter shall be a certificate from the state board of health, and said board shall, upon application, after examination, issue a certificate to any reputable physician who intends to practice medicine or surgery in this state and who shall present himself before the state board of health and pass in a satisfactory manner such examination as said board may require. Any physician so presenting himself shall pay to said board the sum of ten dollars ($10) for each examination, and said fee shall in no case be returned, but shall be applied to pay the expenses of said board of health in conducting such examinations. Each certificate so issued shall be signed by the president and countersigned by the secretary of said board and shall be attested by the official seal, and not more than two dollars ($2) shall be charged for a certificate.

Sec. 4. Nothing in this chapter shall be so construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. The board may, after due notice and hearing, in its discretion refuse to grant the certificate provided for in section 3 of this chapter to any physician who is not of good moral character or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state. The members of said board are hereby severally authorized to administer oaths, and said board, in all cases or proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel

such witnesses to attend and testify in the same manner as witnesses are compelled to apear and testify in either division of the supreme court; and said board is authorized to compel the production of all papers, books, documents, records, certificates, or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpœna duces tecum, signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by either division of the supreme court. Any person who shall wilfully swear falsely in any proceeding, matter, or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling upon any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may, within ten days after receiving said notice, exclusive of Sundays and legal holidays, take an appeal therefrom to the appellate division of the supreme court, sitting at Providence, and shall file therein his reasons of appeal, and serve a copy thereof on the secretary, or person performing the duties of secretary, of said board; and said appellate division of the supreme court shall, as soon as may be, hear and determine said appeal.

Sec. 6. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States army, navy, or marine hospital service, or to legally qualified physicians of another state, called to see a particular case, in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

Sec. 7. Complaints for violation of the provisions of this chapter shall be made by the secretary of said board, and said secretary shall be exempt from giving surety for costs on any complaint made as aforesaid.

Sec. 8. Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall practice medicine or surgery or attempt to practice medicine or surgery, or any of the branches of medicine or surgery, after having received therefor or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, or compensation, or who shall open an office with intent to practice medicine or shall hold himself out to the public as a practictioner of medicine, whether by appending to his name the title of doctor or any abbreviation thereof, or M. D., or any other title or designation implying a practictioner of medicine, or in any other way, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, either or both, in the discretion of the court; and in no case when any provision of this chapter has been violated shall the person so violating such provision be entitled to receive compensation for services rendered.

SOUTH CAROLINA.

CAPITAL, COLUMBIA.

Population of State, 1,340,316.
(U. S. Census of 1900.)
Number of Physicians, 1,271.

South Carolina, one of the original thirteen states, has, by the U. S. census of 1900, a population of 1,340,316, as compared with a population in 1890 of 1,151,149, representing an increase during the decade of 189,167, or 16.4 per cent. The following table shows the increase in population since 1830:

1830.....	581,185	1870.....	705,606
1840.....	594,398	1880.....	995,577
1850.....	668,507	1890.....	1,151,149
1860.....	703,708	1900.....	1,340,316

The total land surface is, approximately, 30,170 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 38.2; 1900, 44.4.

It extends from 32 degrees to 35 degrees north latitude, and from 78 degrees 35 minutes to 83 degrees 30 minutes west longitude, and is bounded on the north by North Carolina, on the southwest by the Savannah river, which separates it from Georgia, and on the southeast by the Atlantic ocean. It has a coast line of about 200 miles, indented with numerous inlets and fringed with numerous small islands—cut off from the mainland by sounds, affording a safe passage for river steamers—famous for the fine quality of cotton they produce. The surface from the seaboard for about a hundred miles inland is low, mainly level, and diversified by extensive swamps and vast timber tracts. Here grows the cypress and pine, the yucca, the magnolia, the palmetto, cotton, rice, oranges and tropical fruits. The "middle country" beyond this is more or less rolling, and broken by sand hills. The northwest portion of the state is mountainous, being occupied by the spurs and the outlying ranges of the Blue Ridge. The winters are short and temperate, seldom of more than eight weeks' duration, and the summers, though long are not hot or enervating, being tempered in the east by the vicinity of the ocean and the west by the elevation. The mean annual temperature ranges from 60 degrees in the north to 67 degrees in the south, and the average annual rainfall is about 45 inches.

SUMMARY OF REQUIREMENTS FOR LICENSE TO PRACTICE.

The State Board of Medical Examiners holds its meetings at the State House in Columbia on the third Tuesday of May of each year, at which time all applicants for a license to practice medicine in this State must exhibit a diploma from a recognized medical college, a certificate of moral character, and must pass a satisfactory written examination on all the branches of medicine. But one examination for permanent license is held each year.

The President and Secretary of the Board are allowed to grant a temporary license to practice medicine until the meeting of the Board in May of each year, at which time the applicant must come up for the regular written examination above mentioned. The applicant for a temporary license will be expected to stand an oral examination on all the branches of medicine. A temporary license fee of $2.50 is charged for temporary license.

Physicians moving into the State from other States are subject to the same laws as those who are residents, irrespective of any examination held previous to their change of location.

No one is allowed to practice medicine in this State without either a temporary license or a regular license as above indicated, except graduates of medical colleges in the State of South Carolina who have completed a four years' course. These are exempted from examination by the Board.

The questions at the examination are similar in character to those given by a first-class medical college.

Examinations are held under the following heads:

1. Anatomy, General and Regional.
2. Physiology, Histology and Hygiene.
3. Chemistry, Practical Urinalysis, Medical Physics.
4. Materia Medica and Therapeutics and Toxicology.
5. Surgery and Surgical Pathology.
6. Practice and Diseases of Children.
7. Obstetrics and Gynecology.

An average of at least 75 per cent on the whole list of subects shall be attained by each applicant, and he shall not make less than 60 per cent on any one branch.

Examinations will begin at 9 a. m., on the first day of the meeting, and continue for two days.

Two hours will be allowed for each branch. Papers will be discused by the Board during the afternoon of second day and until all papers are passed upon.

A fee of $5.00 will be required of each applicant who is granted a license, said fee to be paid to the Secretary before the examination is entered upon. The fee will be refunded to those failing to pass.

Published by order of the State Board of Medical Examiners, per S. C. Baker, M. D., Secretary.

SOUTH DAKOTA.

CAPITAL, PIERRE.

Population of State, 401,570.
(U. S. Census of 1900.)
Number of Physicians, 537.

South Dakota was admitted to the Union November 3, 1889. It extends from 43 degrees to 46 degrees north latitude, and from 96 degrees, 22 minutes, 30 seconds, to 104 degrees west longitude, and is bounded on the north by North Dakota, on the west by Montana and Wyoming, on the east by Minnesota and Iowa, and on the south by Nebraska. It has an average length of 206 miles, with an average breadth of 375 miles, and comprises an area of 77,650 square miles, or 49,696,000 acres. The temperature varies during the year from 34 degrees below zero to 103 degrees Fahrenheit. The climate is more mild and genial than the latitude would seem to warrant, and the winters, though cold, are dry, and the air is bracing and invigorating. The average rainfall is about 27 inches, and as it mostly occurs during the warm season, it is most beneficial to vegetation. The atmosphere is dry and clear, and, owing to the elevation, malarial diseases are almost unknown, whilst pulmonary complaints are comparatively rare. Spring opens earlier than in Eastern States in the same latitude.

MEDICAL LAWS OF SOUTH DAKOTA.

(H. B. 150.)

ESTABLISHING A BOARD OF MEDICAL EXAMINERS.

An Act to establish a Board of Medical Examiners, making an appropriation for the same, regulating the practice of medicine, surgery and obstetrics, providing for licensing physicians and surgeons and providing for penalties for violations of such regulations of the practice of medicine, surgery and obstetrics.

Be it enacted by the Legislature of the State of South Dakota:

Sec. 1. Board Created.—There is hereby created a board of medical examiners for the purpose of examination, regulation, licensing and registration of physicians and surgeons in the State of South Dakota. Said board shall consist of seven members, who shall have been residents of the State of South Dakota for not less than five years preceding their appointment not more than two of whom shall be from the same county.

Sec. 2. Governor to Appoint.—The governor shall immediately after the taking effect of this act appoint seven skilled and capable physicians who shall constitute said board, two of whom shall hold their office for one year, two for two years, and three for three years from the date of their respective appointments, and until their successors are appointed, and the governor shall each year thereafter on or before the third day of July appoint for the term of three years two (2) or three, as the case may be, skilled and capable physicians to fill the vacancies caused by the expiration of the terms of such members as above provided. The governor shall fill by appointment all vacancies occasioned by death or otherwise.

Sec. 3. Board—of Whom Consist.—The said board shall consist of not more than four members from the school known as regular, not more than two from the school known as homoeopath, and not more than one from the school known as eclectic. Five members of this board shall constitute a quorum for the transaction of business.

Sec. 4. Meeting of—Election of Officers—Bond of.—The board shall meet at Huron, South Dakota, at a date to be named by the governor, for organization in 1903, and shall elect from their number a president, vice-president, and secretary who shall also act as treasurer and all officers shall be elected annually thereafter. Said board shall procure a common seal. The secretary and treasurer shall execute a bond, to the State of South Dakota, in the penal sum of two thousand dollars ($2,000) with two or more sufficient sureties. Said board shall be conditioned upon the faithful discharge of his duties, and shall be approved by the governor.

Sec. 5. Meetings—When Held.—The board shall hold two regular meetings each year, beginning on the second Wednesday of July, and the second Wednesday in January of each year, and such additional meetings at such times and at such places as the board may deem advisable. The board shall have power to make rules and regulations for the government of the said board and its officers, and for the proper discharge of its duties.

Sec. 6. Record Must be Kept.—Said board shall keep a record of all proceedings thereof, and also a record or register of all applicants for a license together with his or her age, time spent in the study of medicine, and the location and name of all the institutions granting to such applicants degrees or certificates of lectures in medicine or surgery, such register shall also show whether such applicant was rejected or licensed under this act, said record or register shall be prima facie evidence of all matters therein recorded. No member of the said board shall belong to any faculty of any medical college or university nor shall any one of them be financially interested in the manufacture or sale of drugs, or the practice of pharmacy.

Sec. 7. Application for License—Qualification of Applicant—On and after the taking effect of this act all persons desiring to begin the practice of medicine or surgery or obstetrics in any of their branches in this state shall make application to said board for a license to practice medicine, surgery or obstetrics in the State of South Dakota. Such license shall be granted to such applicants who shall give satisfactory proofs of being at least twenty-one (21) years of age and of good moral character, but only on compliance of the following conditions: The applicant shall be given such license if he shall pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, practice of medicine, surgery, obstetrics, gynæcology, disease of the eye and ear, bacteriology, medical jurisprudence, and such other branches as the board may deem advisable, and in addition thereto shall present evidence of having attended four full courses of lectures of at least twenty-six (26) weeks each in a legally organized and reputable medical college recognized by the board of medical examiners, no two courses being in the same year and of having received a diploma from a legally organized and reputable medical college which shall be in good standing as shall be determined by the board, and said diploma must be submitted to the board for inspection and verification provided that the four courses of lectures of six months each shall not apply to applicants who graduated prior to 1898.

Sec. 8. Examination—How Conducted.—Said examination shall be conducted as follows: First, the applicant shall, before being permitted to take the examination, pay the secretary of the board an examination fee of twenty dollars ($20). Second, the examination shall be in writing, oral, or both, as the board may determine. Third, the questions on all subjects except therapeutics and practice of medicine shall be such as may be answered alike by all schools of medicine. The applicant shall if possible be examined in therapeutics and practice of medicine by those members of the board belonging to the same school as the applicant and a license and certificate shall not be refused any applicant because of his adherence to any particular school of medicine. The average percentage of at least seventy-five per cent of correct answers shall be required of every applicant. Any applicant who shall not pass the said examination, shall be eligible to a second examination at the next regular meeting of the board or at such time as the board may designate without an additional examination fee.

Sec. 9. License.—Said board shall grant a license to practice medicine, surgery and obstetrics in all their branches in the State of South Dakota to each applicant who has satisfactorily passed the said examination and has fulfilled all other requirements of this act. Said license can only be granted by the consent of not less than five (5) members of the said board and which said license shall be signed by the president and secretary of the said board and attested by the seal of the board. All examination papers, together with the lists of questions answered, shall be kept for reference and inspection for a period of not less than three (3) years.

Sec. 10. License Without Examination.—When.—The said board may, in its discretion, accept and license upon the payment of the license fee without examination of the applicant, any license which shall have been issued to him by the examining board of the District of Columbia, or any state or territory of the United States, provided, however, that the legal requirements of such examining board shall have been at the time of issuing such certificate, or license in no degree or particular less than those of the State of South Dakota at the time when such certificate or license shall be presented for registration to the board created by this act; and provided, further, that the provisions of this section contained shall be held to apply only to such of said medical examining boards as accept and register the certificate or license granted by this board without examination by them of the persons holding such certificates or license. Each applicant upon making application under the provision of this section shall pay to the secretary of the board a license fee of twenty dollars ($20).

Sec. 11. Board May Refuse to Grant License.—The board shall have the power and authority to refuse to grant a license under this act for unprofessional, immoral or dishonorable conduct on the part of the applicant. The action of the board in refusing to grant a license under this act shall be final.

Sec. 12. May Revoke License.—That board shall have the power and authority to revoke any license of any physician or surgeon heretofore or hereafter granted or issued upon complaint made to it on oath by one responsible person if it shall satisfactorily appear to the board, either, first, that such physician or surgeon has been guilty of unprofessional, immoral or dishonorable conduct; or, second, that such physician or surgeon has been convicted of a felony; or, third, if such physician or surgeon publicly professes or claims to cure, or treat disease, injury or deformity in such a manner as to deceive the public; or, fourth, gross professional incompetency; provided, that such license shall not be revoked except after a hearing before the board of medical examiners at which at least five members of such board shall be present and of which hearing the person holding the license to be revoked shall have had not less than ten days'

written notice of the time and place of said hearing and only upon due proof of the facts stated in the complaint.

Sec. 13. Unprofessional or Dishonorable—Meaning of.—The words unprofessional or dishonorable conduct as used in Sections 11 and 12 of this act are hereby declared to mean, first, procuring or aiding or abetting a criminal abortion. Second, the employing of what is known as cappers or steerers. Third, the obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured. Fourth, wilfully betraying a professional secret. Fifth, all advertising of medical business in which untruthful or improbable statements are made or which are calculated to mislead or deceive the public. Sixth, all advertising of any medicine, or any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed. Seventh, conviction of any offense involving moral turpitude. Eighth, habitual intemperance.

Sec. 14. Persons Aggrieved May Appeal.—All persons feeling aggrieved by the action of the board in revoking their license may appeal to the circuit court of the county in which the person whose license is revoked resides, in the same manner as now provided by law in cases of appeal from the decision of a board of county commissioners, and the perfection of such appeal shall operate as a stay to the revocation of said license until the final determination thereof by the court: Provided, however, that at any time during the pendency of such appeal the said board may appeal to the court for a temporary injunction restraining the appellant from the practice of medicine, surgery or obstetrics, until the final determination and judgment on such appeal which said injunction may in the discretion of the court be issued without the requirement of any bond."

Sec. 15. License Must be Recorded.—The person receiving a license to practice shall have the same recorded in the office of the register of deeds in the county where he resides and practices. The said register of deeds shall in July and January of each year furnish the secretary of the state board of medical examiners a list of all licenses so recorded.

Sec. 16. Moneys Must be Paid to State Treasurer.—All moneys received by the said board shall be paid to the state treasurer and shall be credited to the general fund of the state, and a receipt in duplicate for the same shall be filed with the secretary of said board of medical examiners, and in the office of the state auditor.

Sec. 17. Compensation of Members of Board.—Each member of the board shall receive as compensation the sum of five dollars ($5) per day for each day actually in attendance upon the meetings of the board and five cents for each mile necessarily traveled and his necessary expenses while attending such meetings. The secretary of the board of medical examiners shall receive as compensation for his services the sum of eight hundred dollars ($800) per annum, which salary shall be in full for his services as a member of the board. All bills for stationery, postage and other necessary expenses shall be approved by said board and sent to the audiitor of the state who shall draw his warrant upon the state treasurer for the amount due.

Sec. 18. Medical Board Fund Established.—There is hereby established a fund to be known as the medical board fund and the sum of four thousand dollars ($4,000) is hereby appropriated out of the moneys in the state treasury not otherwise appropriated to meet the expenses of carrying out the provisions of this act for two years, namely, two thousand dollars ($2,000) for the year beginning February the 15th, 1903, and ending February 14th, 1904, and two thousand dollars ($2,000) for the year beginning February the 15th, 1904, and ending February the 14th, 1905. And the state treasurer is hereby directed and required to set such sum apart to the credit of such fund subject to the orders and disbursements as herein provided for. The money in the said fund shall only be paid out by the state auditor's warrant on said fund, on an order drawn by the secretary of the said board and countersigned by the president.

Sec. 19. Itinerant Physicians Must Procure Itinerant Licenses.—Any physician practicing medicine, surgery or obstetrics or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method who goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him or her for professiional treatment at places other than his office at the place of his permanent residence is hereby declared to be an itinerant physician, and shall in addition to the ordinary physician's license as in this act provided procure an itinerant's license from the state board of medical examiners, for which he shall pay to the secretary of the board the sum of five hundred dollars ($500) per annum. Upon the payment of said sum of five hundred dollars ($500) the board shall issue to the applicant therefor, a license to practice within the state as an itinerant physician for one year from the date thereof. The board may for the same reasons as specified in Sections 11, 12 and 13 of this act refuse to issue such itinerant's license, or having issued it, may revoke it for the same reasons as specified in Sections 11, 12 and 13 hereof.

Sec. 20. Penalty for Practicing Without a License.—Any person practicing medicine, surgery or obstetrics in any of their branches as an itinerant physician as in Section 19 hereof defined without having procured such itinerant license, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars ($500) nor more than eight hundred dollars ($800) or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment.

Sec. 21. Unlawful to Use Title and Prescribe—When.—When a person shall append or prefix the letters M. B., or M. D., or the title Dr. or Doctor or any other sign or appellation in a medical sense to his or her name or shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, apparatus or other agency for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury, or deformity after having received or with the intent of receiving

therefor, either directly or indirectly, any bonus, gift or compensation, shall be regarded as practicing within the meaning of this act.

Sec. 22. This Act Not Applicable When.—This act shall not apply to the commission surgeons of the United States army, navy or marine hospital service in actual performance of their duties, nor to regularly licensed physicians or surgeons from outside this state in actual consultation with physicians of this state nor to dentists or osteopahs in the legitimate practice of their profession nor to Christian Scientists as such, who do not practice medicine, surgery or obstetrics by the use of any material, remedies or agencies, nor to resident physicians and surgeons of this state regularly licensed and practicing in this state at the time of the taking effect of this act.

Provided, however, that the license heretofore or hereafter granted to any physician or surgeon may be revoked for the same reason, and in the same manner as stated and provided in Sections 12 and 13 hereof.

Sec. 23. Presentation of Fraudulent Diplomas—Penalty.—Any person who shall present to the board of medical examiners a fraudulent or false diploma, or one of which he is not the rightful owner for the purpose of procuring a license as herein provided for, or who shall file or attempt to file with the register of deeds of any county in the state a license of another representing the same to be his own, or shall falsely personate any one to whom a license has been granted, or who shall file or attempt to file with the register of deeds of any county in the state, a license of another with the name of the party to whom it was granted or issued erased, and his own name inserted in its place, or who shall file or attempt to file with the board of medical examiners any false or forged affidavits of identification, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than one hundred dollars ($100) or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment.

Any person who shall practice medicine or surgery or obstetrics in any of their branches in this state without having obtained a license as in this act provided shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than one hundred dollars ($100) or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment; provided, that the provisions of this section shall not apply to the provisions of Sections 19 and 20 of this act, nor modify or change the penalties prescribed in Section 20 hereof.

Sec. 24. Duty of State's Attorney.—It shall be the duty of the state's attorney to prosecute any and all violations of this act committed in his county.

Sec. 25. Repeal.—All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Sec. 26. Emergency.—An emergency is hereby declared to exist, and this act shall take effect and be in force from and after its passage and approval.

Approved March 5, 1903.

BECKER LAW AND COLLECTION AGENCY,
LOS ANGELES, CAL.
See adv. at beginning California Physicians.

SYNOPSIS OF MEDICAL LAW.

The latest law of Tennessee approved April 22, 1901, provides for a state board of medical examiners by whom all applicants for license must be examined. The board consists of six members who must be graduated physicians of not less than six years' practice, two of whom must reside in each grand division of the state, the three schools of medicine being represented as follows: Regulars, four; homœopaths and eclectics, each one. The appointments are made by the governor.

Section 5 provides for a regular meeting of the board once each year in the city of Nashville, "so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the president."

Section 6 provides that persons desiring to obtain a license must make application in writing to the board accompanied by the examination fee ($10 for permanent license, $5 for temporary license) and by $5 for certificate of license with satisfactory proof that the applicant is of good moral character. "When these preliminary requirements are satisfied, the applicant shall then present himself before the board for examination upon the following branches, viz: Anatomy, physiology, chemistry, pathology, surgery, obstetrics, materia medica and practice; but the member or members of the board representing each separate school of medicine, shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the board shall accept the grade placed by such member or members upon such special branches. Provided, however, that graduates of any reputable medical college in the State of Tennessee shall until June 1, 1902, be granted a certificate of license by said board, without reference to the number or length of terms attended and without the examination herein above prescribed; but this provision shall cease and determine after June 1, 1902.

"Section 7. That the two members of said board in each grand division of the state shall at such time or times as the board may direct meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examinations shall have been determined upon in advance by the board, and shall be identical in each division and such examinations shall be held on the same day in each division, and under uniform rules and regulations to be adopted by the board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the board at which time they shall be examined, graded, and passed upon by the board in annual session, and the results declared and certificates issued to those entitled to receive them. The board or any of its respective sections may at the option of the members supplement such written examination by an oral examination, and the recorded value of such oral exaination may be given such importance as each member of the board sees fit.

"Section 8. Be it further enacted, that if the applicant for examination shall thereupon be found worthy and competent by the board, it shall issue to him a certificate of permanent license in accordance with the facts in each case to practice medicine or surgery in this state.

"Section 9. Be it further enacted, that in order to prevent delay and inconvenience the two members of the board of any grand division of the state may grant a certificate of temporary license to any applicant who is permanently located as a resident of some designated place in that division of the state, upon satisfactory evidence to them that such applicant possesses the qualification herein above required, and upon examination by them of such applicant in the subects named in section 6 of this act, (Fee for examination for temporary license, $5, and fee for license, $1; total $6) and make report thereof to the next regular meeting of the board, such temporary license shall not continue in force longer than the conclusion of the next regular meeting of the board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the board, provided that after Jan. 1, 1903, no certificates of temporary license shall be issued."

Sections 12 and 13 prescribe recording of license with county court clerk prior to commencing practice and on changes of residence from one county to another and the keeping of the records of the same by the clerk. Section 15 prescribes for revocation of license for unprofessional or dishonorable conduct, which is defined in section 16.

Section 16 defines the words unprofessional or dishonorable conduct as used in Section 15 of this act in the same words as in the California law, except that with habitual intemperance the "excessive use of narcotics" is added. Section 17 prohibits itinerant or other nostrum venders. Section 18 prescribes penalties for illegal practice. Section 19. "Be it further enacted that any person shall be regarded as practicing medicine within the meaning of this act who shall treat or profess to treat, operate on or prescribe for any physical ailment or any physical injury to or deformity of another." The law is specified not to apply to those usually exempted, or to osteopaths not giving or using medicine in their practice, nor to opticians nor to Christian scientists. Section 21 provides for the grand jury to have inquisitorial power in case of violations of the act. Section 22 disqualifies the board for issuing any license contrary to its provisions, and Section 23 repeals former law and amendments contrary to this act.—Journal of the American Medical Association.

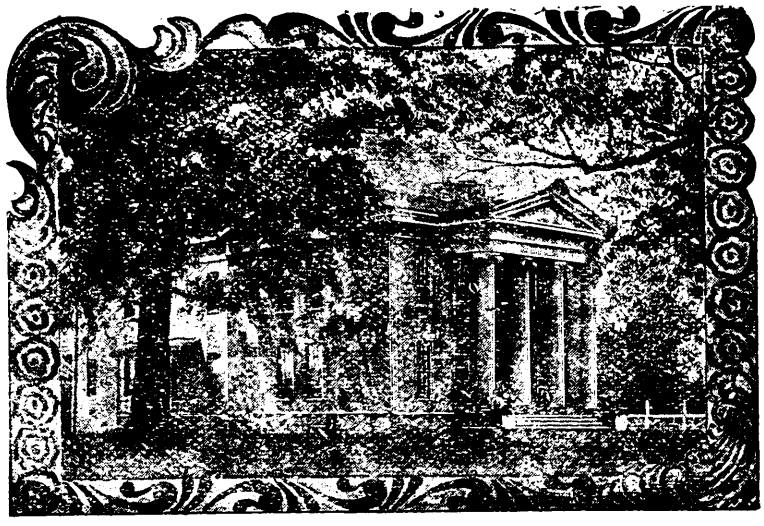
Morphine and Whiskey Addictions. Cigarette and Tobacco Habits and Neurasthenic Diseases.



FEW Successful Explorers in the branch of science in which we labor, invite the remainder of the profession to share their prosperity as we do.

When it was found by actual experience and the test of time that we had perfected a positive as well as a scientific cure for Alcoholism, Morphinism, and other Drug Addictions, Cigarette and Tobacco using, also Neurasthenia; and that we, by our plan of treatment, overcame all necessity, craving and desire for Drugs or Alcoholic stimulants, we invited a coterie of physicians in, and made known our formulæ and demonstrated our methods by having them treat several test patients. Our reward came when these physicians reported their success in these test cases in the May (1897) number of the Chicago Railway Surgeon and in the Medical Brief during the same year. As a result of their favorable report as to results, other physicians came or sent their Drug and Alcoholic patients to us for treatment and as an evidence of our success in treating such cases, we have been forced to enlarge our Sanatorium buildings, time and again, until now we have the largest and most up-to-date Sanatorium of the kind in the South, devoted exclusively to the treatment of Drug and Alcoholic Addictions and Neurasthenic diseases.

During the past seven years we have successfully treated seven thousand patients. The Old Homestead Sanatorium is pleasantly located and the buildings are attractive, grounds extensive, covering several acres,— delightful Southern climate, all rooms outside rooms, buildings modern and free from Hospital or "Institute" features. Everything is calculated to make the patient's stay pleasant as well as profitable. Capacity, one hundred beds. Billiards, Pool, Bowling, Croquet and Lawn Tennis, Massage, Electric, Vapor, Needle, Spray, Shower, Hot and Cold and Mineral Baths. Hot Water Heating Plant, Electric Lights. TEXAS.

CAPITAL, AUSTIN.

Population of State, 3,048,710.
(U. S. Census of 1900.)
Number of Physicians, 5,468.

Texas, the largest State in the Union, extends from 25 degrees 51 minutes to 36 degrees 30 minutes north latitude, and from 93 degrees 31 minutes to 106 degrees 43 minutes west longitude, and is bounded on the north by the Indian Territory, on the southeast by the Gulf of Mexico, on the southwest by Mexico, on the east by Arkansas and Louisiana, and on the west by New Mexico. It comprises an area of 274,356 square miles, or 175,587,840 acres.

The climate is warm, but equable and salubrious, and the mean annual temperature, as observed at Austin, is 66.72 degrees, and at Galveston 69.38 degrees. In the extreme south it is about 75 degrees, and in the north it falls to 56 degrees. The average annual rainfall is about 41 inches.

The following table shows increase in population during 50 years:

1850	212,593	1880	1,591,749
1860	604,215	1890	2,235,523
1870	818,579	1900	3,048,710

MEDICAL LAW OF TEXAS.

An Act to repeal Title LXXXII., of the Revised Statutes of the State of Texas, and to pass in lieu thereof this act: To license physicians and surgeons and endeavor to regulate the practice of medicine, and to punish persons violating the provisions thereof in the State of Texas.

Section 1. Be it enacted by the Legislature of the State of Texas: That Title LXXXII., Articles 3777, 3778, 3779, 3780, 3781, 3782, 3783, 3784, 3785, 3786, 3787, 3788, 3789, of the Revised Statutes of Texas, be and are hereby repealed, and the following be enacted:

Sec. 2. There shall be established three boards of medical examiners for the State of Texas, to be named and styled "the Board of Medical Examiners for the State of Texas," "the Board of Eclectic Medical Examiners for the State of Texas," and "the Board of Homeopathic Medical Examiners of the State of Texas," said boards to consist of nine members each, whose terms of office shall be for two years or until their successors have been appointed and qualified; provided, that no member shall be a professor or teacher in any medical school.

Sec. 3. The said boards shall consist of men learned in medicine and surgery now in active practice, who shall have resided in the State of Texas, and shall have practiced medicine for not less than five years prior to their appointment, having complied with the laws relating to the practice of medicine already in force in the State of Texas, and shall be appointed by the governor on the tenth day of May following his inauguration, from a list of names twice the number to be appointed to be furnished him and recommended by the Texas State Medical Association, the Eclectic Medical Society of the State of Texas, the Homeopathic Medical Society of the State of Texas; provided, however, in case the Governor shall consider any of the persons so recommended unsuitable he may decline to appoint any such person or persons, and communicate the fact to the presiding officer of the society presenting the nomination, and such society shall, within sixty days thereafter, make other recommendations; and provided, that no one shall be eligible to appointment or service on such medical board who is addicted to intoxication or the habitual use of morphine, cocaine, or other such drugs. Vacancies occurring in such board shall be filled from the list already in the hands of the Governor for unexpired terms.

Sec. 4. The members of such boards shall qualify by taking the usual oath of office before the county judge of the county in which they shall respectively reside. The officers of said board shall be a president, vice-president, and secretary, who shall also act as treasurer. Six members shall constitute a quorum. Regular meetings of the boards shall be held at least twice a year at such times and places as the boards may from time to time determine. Due notice of said meetings shall be given by publication in such papers as may be selected by the boards. Special meetings may be held upon the call of the president and two members. The board may prescribe rules, regulations and by-laws for their own proceedings and government, and for the examination by its members of applicants for the practice of medicine, surgery and midwifery.

Sec. 5. It shall be the duty of said boards at any of their meetings to examine all persons making application to them who shall desire to commence the practice of medicine, surgery, midwifery in this State, and who shall not by the provisions of this act be exempt from such examination, and when an applicant shall have passed a satisfactory examination a certificate signed by all the members of the board shall be issued to said applicant entitling him or her to practice medicine, surgery, obstetrics in the State of Texas, and shall have affixed to it the seal of the State of Texas.

Sec. 6. In case any applicant shall fail to pass a satisfactory examination he or she shall not be permitted to stand any further examination within one year thereafter, and in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If an applicant desires to practice a system not represented by any of the boards hereby established, he or she may elect for himself or herself the board before which he or she will appear for examination; provided, that no applicant shall be rejected because of his or her adherence to any particular school of medicine or system of practice, nor on account of his or her views as to the method of treatment, and cure of disease; and provided further, when in the opinion of the presidents of the boards any applicant has been unavoidably prevented from appearing before board at their regular meeting, said president shall, upon notification, appoint a committee of three members to examine such applicant, and if the examination be satisfactory notify the secretary, who shall issue him or her a temporary certificate, which shall have the same force and effect as though granted by the full board until the applicant shall have the opportunity to appear before the board at its next regular meeting when said temporary certificate shall become void. No applicant shall be admitted to examination who cannot submit satisfactory evidence that he or she is more than twenty-one years of age, and is of good moral character. Applications for license must be made in writing and presented to the president or secretary of the board before which the applicant desires to appear and must be accompanied by a fee of fifteen dollars; provided, when an applicant desires to practice midwifery alone the fee shall be five dollars.

Sec. 7. The boards of examiners shall keep a record of their proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in or out of medical schools which have granted said applicant any degree or certificate of attendance upon lectures in medicine; said register shall show also whether said applicant was rejected or licensed and shall be prima facie evidence of all matters contained therein.

Sec. 8. From and after the passage of this amendment it shall be unlawful for any person to practice medicine, surgery or obstetrics in this State except: First, all those who were practicing medicine in Texas prior to January 1, 1885. Second, all those who began the practice of medicine in this State after the above date who have complied with the laws of this State regulating the practice of medicine in force prior to the passage of this act; provided, that those who had diplomas recorded since January 1, 1891, shall pre-

sent to the State Boards of Medical Examiners herein provided for satisfactory evidence that their diplomas were issued by bona fide medical colleges of respectable standing, receive a certificate from said boards, which shall be recorded as herein provided for, and provided that no fees shall be required for the issuing of such certificates. Third, all persons who shall hereafter receive certificates from the Board of Medical Examiners of this State as above provided for, and who shall also in all other respects have complied with the provisions of this act. Fourth, and provided, that all persons who may change their residence to the State of Texas, on filing a true copy of a license granted by the board of medical examiners of another State or Territory, certified by the affidavits of the president and secretary of said board, with satisfactory proof of the genuineness of the same, and showing that the standard of requirements of the medical laws of said State or Territory and that adopted by said board of medical examiners are equal to that provied for in this act, and who, on payment of the usual fee of fifteen dollars, may be registered and receive a license from the Board of Medical Examiners of Texas to practice in this State. Fifth, and provided further, that all persons who desire to hereafter begin the practice of midwifery in this State, and charge for their services, shall make application to the medical examining boards, said application to be accompanied with the fee of five dollars as herein provided, and when the said medical examining boards may admit to examination such applicant, and after passing a satisfactory examination in this special branch, will be granted a license to practice midwifery in the State of Texas; provided, this shall not apply to those who do not follow midwifery as a profession, and who do not advertise themselves as midwives, or hold themselves out to the public as practicing the profession of midwifery.

Sec. 9. Any person shall be regarded as practicing medicine or surgery within the meaning of this act who shall profess publicly to be a physician or surgeon and shall offer for practice as such for those needing medical or surgical aid, and shall charge therefor money or other compensation. This act shall be so construed as to include persons not pretending to be physicians who offer for sale publicly on the streets or other public places remedies not manufactured and compounded within this State which they recommend for the cure of disease, but this act shall not apply to any commissioned officer or contract surgeon of the United States army, navy or marine hospital service in the performance of their duties as such, nor to any legally qualified and registered dentist under the laws of this State, nor to any lawfully qualified physician or surgeon residing in other States or Territories, meeting registered physicians and surgeons of this State in consultation.

Sec. 10. The applicant shall be examined in the following branches: Anatomy, physiology. chemistry, materia medica, therapeutics, histology, pathology, practice of medicine, surgery, including diseases of the eye, ear, nose and throat; obstetrics, gynæcology. hygiene, and medical jurisprudence.

Sec. 11. The fund realized from the fees aforesaid shall be applied first to the payment of the necessary expenses of the boards of examiners, each board receiving only such fees as are collected from applicants which appear before said board. In addition to expenses the secretary shall receive ten dollars per day while in actual attendance upon regular meetings. If any balance be left in the treasury of the boards it shall be divided among the members in attendance as compensation for loss of time.

Sec. 12. Before any person obtaining a license under the provisions of this act can lawfully practice medicine, surgery or midwifery in this State he or she shall cause the said license to be recorded in the district clerk's office in the county in which he or she offers to practice. The license shall be recorded by the clerk of the district court in a book to be kept for that purpose, which shall be properly indexed. The clerk shall receive from the applicant a fee of fifty cents for recording this instrument.

Sec. 13. Any person who shall practice medicine, surgery or midwifery in this State in violation of the provisions of this act shall be fined not less than fifty dollars nor more than five hundred dollars for each offense or by both fine and imprisonment not exceeding six months and it shall not be lawful for him or her to recover by action, suit, motion, or warrant, any compensation for services which may be claimed to have been rendered by him or her as such physician, surgeon or midwife; provided, that the provisions of this act do not apply to persons treating disease who do not prescribe or give drugs or medicines.

Sec. 14. That Title LXXXII., of the Revised Statutes of Texas, and Articles 3777, 3778, 3779, 3780, 3781, 3782, 3783, 3784, 3785, 3786, 3787, 3788, 3789, of said title be and the same are hereby repealed, and all laws and parts of laws in conflict with this act be and are hereby repealed.

Sec. 15. The fact that there is no law in force adequately providing for the license of physicians, surgeons and midwives creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and this act be placed on its finalpassage and it is so enacted.

(Note.—The enrolled bill shows that the foregoing act passed the House of Representatives by two-thirds vote, years 92, nays 2, and passed the Senate by two-thirds vote, yeas 23, nays 0.)

Approved February 22, 1901.

Law became effective July 9, 1901.

UTAH.

CAPITAL, SALT LAKE CITY.

Population, of State, 276,749.
(U. S. Census of 1900.)
Number of Physicians, 324.

Utah was organized as a territory, September 9, 1850, and admitted as a state January 4, 1896. It occupies an important position in the trans-Mississippi group of states. It is situated between the parallels of 37 and 42 degrees north latitude, and the meridians of 109 and 114 degrees west of Greenwich. On the same parallels are Colorado, Kansas, Missouri, Southern Illinois, Kentucky, Virginia, Spain, Italy, Greece, Turkey and Corea. The state adjoins Colorado, Nevada, Arizona and Idaho. It is 275 miles in width and 345 miles in length. Its total area is 84,970 square miles; its land area is 82,190 square miles (52,601,600 acres); its water area is 2,780 square miles (1,779,200 acres).

Its valleys are elevated from 2,700 to 7,000 feet above the sea. Some of its mountain peaks reach a height of from 12,000 to 13,500 feet. The Wasatch Mountains sweep down its center, and Uintah's cross its upper half. It is a region of snow-clad mountains and broad, beautiful valleys. Many streams flow from the elevations and meander through the vales. Its largest body of water is the Great Salt Lake, covering an area of about 2,500 square miles. This is a far-famed feature of its topography; but it has a number of fresh water lakes of considerable size, the largest being Utah Lake, with a surface area of 125 square miles.

Within the lines of the state there exists a remarkable diversity of country, containing many unique features, some of which have given it world-wide fame, such as the Grand Canyon of the Colorado, and other wild scenery in the southern portion.

Almost every variety of climate, which is generally salubrious and agreeable, can be found in Utah. There are valleys for the farmer, the gardener and the fruit-grower; low mountain land, slopes and terraces for the sheep-raiser; mountains for the miner; scenery, hunting, fishing, and bathing for the pleasure-seeker; hot springs and pure air for the invalid, and plenty of opportunity and occupation for men of business and enterprise.

The average annual rainfall is about 18 inches, but in the vicinity of the Great Salt Lake it increases to 23 inches.

The following table shows increase in population during fifty years:

1850	11,380	1880	143,963
1860	40,273	1890	207,905
1870	86,786	1900	276,749

MEDICAL LAWS OF UTAH.

AN ACT REGULATING THE PRACTICE OF MEDICINE IN THE STATE OF UTAH.

Title 52. Physicians and Surgeons.

Be it enacted by the Governor and Legislative Assembly of the State of Utah:

1728. State Board of Medical Examiners—Appointment.—There shall be appointed by the Governor at each regular session of the Legislature, by and with the consent of the Senate, a State Board of Medical Examiners, which shall consist of seven members, who shall be representatives of the various recognized schools of medicine and shall hold office until their successors are appointed and qualified. Each person so appointed shall qualify by taking an oath before a judge of the district court that he is a graduate of a legally chartered medical college in good standing and will faithfully perform the duties of his office. Vacancies in the board shall be filled by appointment by the Governor within one month from the time the vacancy shall occur. ('92, p. 81*; '94, p. 128.*)

1729. Organization—Examination and Certificates.—Said board shall organize immediately after its appointment by selecting from its members a president, a secretary and a treasurer. Four members of the board shall constitute a quorum. The board shall have a seal, with which it shall attest its official acts. Any member of the board shall have authority to administer oaths, and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to issue certificates to any person who furnishes satisfactory proof of having received a degree or diploma from a chartered medical college in good standing, and who shall pass a satisfactory examination before the board. The board shall issue two forms of certificates or licenses, one for persons holding such a degree or diploma who has been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of section seventeen hundred and thirty-seven. Certificates and licenses shall be signed by all members of the board granting them. ('92, p. 81*; '94, p. 129.*)

The prohibitions of the United States Constitution against State legislation abridging the privileges of citizens are not violated by act, March 10th, 1892, applicable alike to citizens of Utah and of other States and Territories, which authorizes the licensing, without examination, of medical graduates who were, but not those who were not, in actual practice at its passage, and also of persons who had practiced for ten years in the Territory before the taking effect of the act, upon passing an examination, although without a diploma, while requiring others to have a diploma besides passing an examination. People vs. Hasbrouck, 11 U., 291; 39, p. 918. Nor is such act, in authorizing the board to ascertain and determine the qualifications of applicants to practice medicine, unconstitutional, as conferring judicial power on the board. Id.

1730. Fee for Examination.—The fee for the examination provided for in the last preceding section shall be fifteen dollars, which shall be paid to the treasurer of the board of examiners. ('92, p. 82*; '94, p. 129.)

1731. Non-Graduates.—No non-graduate licensed under the provisions of the acts of the Territorial Legislature shall, in any way, advertise as a doctor, physician or surgeon, but shall, if he advertises at all, do so as a licensed non-graduate practitioner of medicine. The secretary of the board shall enter, without fee, upon the register to be kept by

him, the names of all persons to whom certificates are issued as physicians and surgeons. ('92, p. 82*; '94, pp. 129-30.)

1732. Certificates to be Recorded.—Every person holding a certificate from the said board shall have it recorded in the office of the recorder of the county in which he resides, within three months from the date, and the date of record shall be indorsed thereon. Until each certificate is recorded as herein provided, the holder thereof shall not exercise any of the privileges conferred therein to practice medicine. Any person removing to another county to practice medicine shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay the recorder the usual fees for recording such certificates. ('92, p. 82*; '94, p. 130*.)

1733. Record.—The county recorder shall keep in a book provided for that purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate, and, if the certificate be based upon a degree and examination, the name of the medical college conferring the degree, and the date thereof. The register of the county recorder shall be open to public inspection during business hours. ('92, p. 82*; '94, p. 130*.)

1734. Examinations—Refusal and Revocation of Certificates.—Examinations may be made wholly or partially in writing. The board of medical examiners may refuse to issue the certificates provided for in this title to individuals convicted by a court of competent jurisdiction of any offense involving immoral or dishonorable conduct, the nature of which shall be stated in writing. The board may revoke such certificates for like causes. ('92, p. 82*; '94, p. 130.*)

1735. "Practicing Medicine" Defined.—Any person shall be regarded as practicing medicine within the meaning of this title, who shall treat, operate upon or prescribe for any physical ailment of another for a fee, or who shall hold himself out by means of signs, cards, advertisements or otherwise, as a physician or surgeon; but nothing in this title shall be construed to prohibit services in case of emergency, or the administration of family remedies, nor to prevent medical officers of the United States army from the discharge of their official duties, nor to prohibit visiting physicians in the act of consultation. ('92, p. 80*; '94, pp. 130-1.*)

1736. Practicing Without License.—Any person practicing medicine, surgery or obstetrics within this State without holding a lawful certificate or license, or otherwise contrary to the provisions of this title, shall be deemed guilty of a misdemeanor. ('92, pp. 82-3*; '94, p. 131.*)

1737. Obstetricians.—Persons desiring to practice obstetrics in this State shall be entitled to a license upon satisfactorily passing an examination by the State board of examiners and paying to the treasurer thereof a fee of five dollars; provided, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such service or the acceptance of a fee in case of emergency, or persons practicing obstetrics in communities where there are no licensed practitioners. ('92, p. 83*; '94, p. 131.*)

1738. Meetings of Board.—The board of medical examiners shall meet on the first Monday in January, April, July and October of each year, at 10 o'clock a. m., and such other times as the president of the board shall deem necessary. The place of meeting shall be at the State capital. ('92, p. 84*; '94, p. 132.*)

1739. Removal of Member of Board.—Any member of said board may be removed for misconduct in office by a two-thirds vote of all the members of the board, but no member shall be removed until after he has been given a trial before said board. ('92, p. 84*; '94, p. 132*.)

1740. "Medical College" Defined.—The term "medical college" in this title shall include colleges in good standing in the States where they exist. ('92, p. 84*; '94, p. 132*.)

1741. Territorial Certificates.—Nothing in this title shall be deemed to require persons now holding certificates from the Territorial board of examiners to make application for license. ('92, p. 82*; '94, p. 132*.)

1742. Fees, How Expended.—Money received under this title may be applied in defraying the expenses of the examining board. ('94, p. 132.*)

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of North America in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1900 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

VERMONT.

CAPITAL, MONTPELIER.

Population of State, 343,641.
(U. S. Census of 1900.)
Number of Physicians, 722.

The State of Vermont extends from 42 degrees to 45 degrees north latitude, and from 71 degrees 25 minutes to 73 degrees 26 minutes west longitude, and is bounded on the north by Canada, on the south by Massachusetts, on the east by New Hampshire and on the west by New York. It comprises an area of 10,212 square miles, or 6,535,680 acres, and is intersected by the Green Mountains, which, trending from north to south, nearly parallel to the western boundary, are covered by forests of coniferous trees.

The climate is cold, and like most of the New England States, is marked by great extremes, the winters being severe and of long duration, and the summers short, but extremely warm. The mean annual temperature, as observed at Montpelier, is 42.76 degrees, and the average annual rainfall about 36 inches.

The following table shows increase in population during 70 years:

1830	280,652	1870	330,551
1840	291,948	1880	332,286
1850	314,120	1890	332,422
1860	315,098	1900	343,641

MEDICAL LAW OF VERMONT.

Persons who wish to practice medicine and surgery in the State of Vermont must comply with the requirements of the following statutes:

Revised Statutes Section 4631. No person shall, by sign or advertisement, assume the title of doctor, or offer his services to the public as a practitioner of either medicine, surgery or midwifery, until he has obtained a certificate from a county, district or state medical society.

Extract from Act No. 112 of 1898. State societies organized under a charter from the General Assembly, shall, at each annual session elect a board of censors, consisting of three members ,who shall hold their offices until others are elected.

Act No. 72 of 1902. Each board of censors shall issue certificates to physicians and surgeons who personally present to such board a diploma from a medical college or university, and who also by examination satisfy said board of censors that they are qualified to practice the branches mentioned in said diploma; and to such physicians and surgeons, without examination, who shall personally appear and present a certified copy of certificate of registration or license, which has been issued to said applicant in another State of the Union, where the requirements for registration shall be deemed by said board to be equivalent to those of this State; provided such State shall accord a like privilege to holders of certificates from a board of censors of this State.

Sec. 2. Each applicant for such examination or certificate shall pay to said board of censors the sum of five dollars.

R. S. Sec. 4636. The person to whom a certificate is thus issued shall cause the same to be recorded in the office of the clerk of the county in which he resides, or if not a resident of the State, in the county in which he obtains such a certificate, in a book to be kept by the county clerk for that purpose, and to be called the medical register of ..... county. The fee for recording such certificate shall be twenty-five cents.

R. S. Sec. 4637. The certificate issued by a board of censors and duly recorded shall be valid throughout the State. The censors may revoke or annul a certificate, if, in their judgment, it has been obtained fraudulently, or the person holding the same has forfeited his right to public confidence, by conviction of a crime.

R. S. Sec. 4638. If a person practices medicine, surgery or midwifery, or signs a certificate of death for the purpose of burial or removal, and is not duly authorized by a certificate issued and recorded as provided in this chapter, he shall, for the first offense, be fined not more than two hundred dollars and not less than fifty dollars, and for a subsequent offense not more than five hundred dollars and not less than two hundred dollars; which fine may be recovered by an action of debt for the use of any person who sues therefore, or by complaint, information or indictment.

R. S. Sec. 4639. A person practicing either of the branches of medicine, surgery or midwifery, shall not be permitted to enforce in the courts, the collection of a fee or compensation for services rendered, or medicine or material furnished, in the practice of any of the branches for which he has not a certificate as provided in this chapter.

Act No. 113 of 1898. Sec. 1. Graduates of Canadian medical colleges shall be required to attend at least one course of lectures and pass the final examinations of some legally recognized medical college in the United States before they shall be entitled to practice medicine or surgery in this State.

Sec. 2. The provisions of this act shall not apply to physicians legally licensed prior to the passage of this act or to a physician or surgeon residing in the Dominion of Canada who may be called into this State to see a particular case in consultation with a resident practitioner authorized to practice under the laws of this State.

Act No. 88 of 1900. A person not a resident of this State but residing on the border of a contiguous State, who is legally qualified under the laws of the State in which he resides to practice medicine therein and whose practice extends into this State, shall be permitted to practice the medical art in this State, providing he does not open an office or appoint a place to meet patients or to receive calls within this State.

Physicians wishing to come before the board for examination must fill out formal applications and make oath to the statements therein. Blank applications may be obtained of the secretary of the board. Those applications will be kept on file and they must be handed in, with the diplomas and fees, before the commencement of the examinations.

All applicants for license will be examined on the following subjects: Anatomy, physiology, chemistry, pathology, materia medica, surgery, practice of medicine, obstetrics and hygiene.

In order to receive consideration, examination papers must be legibly written in English and free from such errors in spelling, grammar and reasoning as would show gross ignorance of the elementary branches of education.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

LAKE VIEW SANITARIUM

A PRIVATE INSTITUTION FOR THE CARE AND TREATMENT OF SELECT CASES OF

MILD MENTAL DERANGEMENTS, INEBRIETY and DRUG HABIT.

Violent, Noisy, or Very Excited Cases not Admitted.

SITUATED upon the shore of beautiful Lake Champlain, affording an extended view of the lake, Adirondack and Green Mountains.

The sanitary conditions are excellent, a sandy soil, pure air and water.

The building is three stories and basement, very substantially built of stone and brick, high walls, large sunny windows, with steam heat and electric light in every room, and containing the modern improvements.

There is a detached building containing billiard, card tables, etc., for the amusement of the inmates.

The advantages offered are, the small number of inmates, affording plenty of time to study each case; cheerful social surroundings; pleasant, well furnished apartments; desirable privacy; associated with recreations of carriage riding, walking, attending entertainments, etc.

Invalids suffering from paralysis, nervous exhaustion, over-work, loss of sleep, hysterical condition, etc., are received and successfully treated. Dr. Clarke gives his patients the benefit of twenty-five years' experience in this specialty by his personal attention.

VIRGINIA.

CAPITAL, RICHMOND.

Population of State, 1,854,184.
(U. S. Census of 1900.)

Number of Physicians, 2,301.

Virginia, one of the original thirteen States, has a population, according to the United States Census of 1900, of 1,854,184, as against 1,655,980 in 1890, representing an increase during the decade of 198,204, or 12 per cent. The following table shows the increase in population since 1830:

1830	1,211,405	1870	1,225,163
1840	1,239,797	1880	1,512,565
1850	1,421,661	1890	1,655,980
1860	1,596,318	1900	1,854,184

The total land surface is, approximately, 40,125 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 41.3; 1900, 46.2. It extends from 36 degrees, 30 minutes to 39 degrees, 27 minutes north latitude, and from 75 degrees, 10 minutes to 83 degrees, 30 minutes west longitude, and is bounded on the north by Maryland and West Virginia, on the south by Tennessee and North Carolina, on the east by Chesapeake Bay and the Atlantic Ocean, ond on the west by Kentucky and West Virginia. Its latitude is that of Southern Europe, Central Asia, Southern Japan and California, giving it a climate at once delightful and salubrious. Virginia is divided into five grand divisions—the Tidewater, the Midland, the Piedmont, the Great Valley and the Appalachia. The western section of the State is traversed by two mountain ranges, the Blue Ridge and the Alleghenies, between which lies the far-famed valley of Virginia. The general elevation of the lands lying in the mountain region is from 1,800 to 2,000 feet, though some even rise to 2,700 feet, while the peaks which tower above the surrounding country are more than 4,000 feet above the level of the sea. Hence it will be seen that, topographically, Virginia varies from the sandy shores which are washed by the Chesapeake Bay and the Atlantic Ocean to the verdure-clad mountain ranges, where grow the hemlock and the birch. It is well watered in all portions by springs, brooks, creeks, rivulets and several navigable rivers, among the latter being the historic Potomac, navigable for 110 miles; the Rappahannock, 82 miles; the York, 40 miles, besides the James, Pianitank and others, giving it 1,500 miles of steamboat navigation and double this amount for smaller craft. The average annual rainfall is about 40 inches.

MEDICAL LAWS OF VIRGINIA.

Provision is made for a State Board of Medical Examiners.

Chap. 168.—An Act to amend and re-enact section 1747 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 23, 1903.

1. Be it enacted by the general assembly of Virginia, That section seventeen hundred and forty-seven of the Code of Virginia, as amended and re-enacted by an act approved March 7, 1900, be amended and re-enacted so as to read as follows:

1747. Examination of applicants for the practice of medicine and surgery; re-examination; fees of board.--It shall be the duty of said board, at any of its said meetings, to examine all persons making application to them, who shall desire to commence the practice of medicine or surgery in this State, provided, said applicant shall produce before said board a diploma, or other satisfactory evidence of his graduation in some medical college or institution teaching the art of healing human diseases, chartered by the State or Territory in which the same is situated; provided that any undergraduates taking a graded course in any regularly chartered medical school shall be entitled to examination on such branch or branches as he or she may present a certificate from the said college of having passed a satisfactory examination, and having once passed a satisfactory examination on each of said branches before the State Board of Medical Examiners, no further examination shall be required on such branch or branches.

But an applicant failing to pass a satisfactory examination on any of such branches shall not be permitted to be examined on such branch or branches until he or she presents a diploma of graduation as doctor of medicine from some regularly chartered college of medicine. And when an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect; provided, however, that any applicant professing a system of medicine which does not require the use of drugs in the treatment of disease shall be exempt from standing an examination on Materia Medica. A fee of $10.00 shall be paid to said board, though such officers or members as it may designate, by each applicant before such examinations is held.

And in case any applicant shall fail to pass a satisfactory examination, he shall not be permitted to stand any further examination within the next six months thereafter, nor shall he have again to pay the fee prescribed as aforesaid; provided, however, no applicant shall be rejected upon his examination on the account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and care of diseases; and provided further, that when in the opinion of the president of the board any applicant has been prevented by good cause from apearing before the board, he shall have authority, in his discretion, to grant a special permit to such applicants to practice medicine or surgery until he shall have an opportunity to appear before the board in session for examination, which said special permit shall be revocable at the discretion of the president, and in no case shall it entitle the holder thereof to practice after the next regular meeting of said board. The said board shall have, in their discretion, authority to accept in lieu of an examination of an applicant a diploma or other satisfactory evidence of the graduation of the applicant in some medical college chartered by the State or Territory in which the same is situated, and a certificate from the examining board of any State or Territory of the United States or the District of Columbia, showing that said applicant has passed a satisfactory examination as to his proficiency and obtained license from said board to practice medicine and surgery in said State, Territory or District; provided, that any person who was examined by the State examining board prior to January first, nineteen hundred, and whose fee for such examination was duly paid, but who failed to pass said examination, shall have the right and privilege of taking the examination before the State board, notwithstanding the provisions of this act.

2. This act shall take effect from its passage.

Sec. 1749. Applicant to have certificate of board recorded; fee of clerk. Before any person who obtains a certificate as aforesaid may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he resides in this State, or if he resides in the city of Richmond, in the clerk's office of the Chancery Court of said city; but if he does not reside in the State of Virginia, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he offers to practice in this State, or in the clerk's office of the Chancery Court of the city of Richmond, if he offers to practice in said city. The certificate shall be recorded by the clerk in a book to be kept for that purpose, and it shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording shall be the same as for recording a deed.

Chap. 169.—An Act to amend and re-enact section 1750 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 24, 1903.

1. Be it enacted by the general assembly of Virginia, That section seventeen hundred and fifty of the Code of Virginia, as amended and re-enacted by act approved March seventh, nineteen hundred, be amended and re-enacted so as to read as follows:

1750. "Who prohibited from practicing medicine or surgery without certificate; penalty for practicing illegally; what courts have jurisdiction to inflict."—No person who shall have commenced the practice of medicine or surgery in this State since the first day of January, eighteen hundred and eighty-five, or who shall hereafter commence the practice of the same, shall practice as a physician or surgeon for compensation without having first obtained a certificate from the State Board of Medical Examiners and caused the same to be recorded as aforesaid, or a special permit from the president of said board.

To open an office for such purpose or to announce to the public in any way a readiness to practice medicine in any county or city of the State, or prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or diseases of mind or body, shall be to engage in the practice of medicine within the meaning of this section; provided, that nothing in this section shall be construed to apply to or to limit in any manner the manufacture or sale of proprietary medicines, or to apply to, affect or interfere in any way with the operation of any hospital now established in this State, or any person while engaged in conducting such hospital now established, if there be a licensed physician resident and practicing therein, or to any person who commenced the practice of osteopathy in this State prior to January first, nineteen hundred and three. It shall also be regarded as practicing medicine within the meaning of this section if any one shall use in connection with his or her name the words or letters, "Dr.," "Doctor," "Professor," "M. D." or "Healer,' or any other title, word or letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, but this section shall not be construed to apply to non-itinerant opticians who are at this time engaged in the practice of optometry in this State nor to professional or other nurses.

Any person who shall practice medicine or surgery in this State in violation of the provisions of this section shall be fined not less than fifty nor more than five hundred dollars for each offense, and it shall not be lawful for him to recover by action, suit, motion or warrant in any of the courts of the State, any compensation for services which may be claimed to have been rendered by him as such physician or surgeon.

The county and corporation courts shall have exclusive jurisdiction to try offenses for violations of the provisions of this section committed within their respective counties and corporations.

2. This act shall take effect from its passage.

Sec. 1752. Who exempted from examination.—Nothing in this chapter shall be taken as including or affecting in any way any dentist or midwife, nor any commissioned officer or contract surgeon of the United States army, navy or marine hospital service in the performance of duties as such, nor to any physician or surgeon residing in any other State or Territory of the United States or in the District of Columbia, called into consultation in a special case with a physician or surgeon residing in this State, nor shall this chapter be construed as effecting or changing in any way the laws in reference to the license tax required to be paid by physicians, surgeons and dentists.
